

Coastal Zone Management Coordinator

Honolulu, HI

The Baldwin Group, Inc. ([TBG](#)) is looking for a motivated individual to serve as a Coastal Zone Management Coordinator for the NOAA Pacific Services Center ([PSC](#)) and the Office of Coastal and Ocean Resources Management ([OCRM](#)) in Honolulu, Hawaii. This position will be responsible for supporting a variety of coastal management issues and provide expertise in coastal risk management and hazards mitigation. PSC and OCRM are part of NOAA's National Ocean Service ([NOS](#)) serving the needs of the coastal management community in Hawaii and the US Pacific Territories.

Duties

- Support Hawaii Ocean Resources Management Plan (ORMP) Working Group
- Participate in Pacific Risk Management O'hana ([PRiMO](#)) annual meeting and Hui work to include connections between ORMP, State and County work relevant to the Coastal Zone Management Program and PRiMO initiatives
- Serve as primary liaison with Hawaii State Coastal Management Program, and monitor and assess program implementation
- Provide coastal community resilience technical support
- Support Pacific geospatial services team in scoping and coordinate development of coastal hazards related tools, products, and services
- Support development of the Digital Coast partnership in the Pacific.

Qualifications

- Masters degree and three years experience or equivalent work experience
- Experience working on coastal management issues at the local or state level
- Experience with coastal hazards planning and mitigation
- Familiarity with geospatial technologies highly desired
- Motivated, self starter who is comfortable working on their own
- Team player with excellent interpersonal and communications skills
