

2023 Marine Economy Report

Delaware

The marine economy is defined as those businesses whose existence depends on the oceans or Great Lakes. The economic data found here helps leaders better understand trends and consider the needs of these businesses when making decisions about the future of the coast. Six sectors make up the marine economy: marine construction, offshore mineral extraction, tourism and recreation, living resources, ship and boat building, and marine transportation.

The Big Picture

Delaware's Marine Economy in 2020

1,691	26,910	\$777 million	\$1.4 billion
Businesses	Employees	Wages	GDP
