You are invited to help support the 2018 Pacific Risk Management ‘Ohana (PRiMO) Conference being held August 06 – 09, 2018 at the Hawai‘i Convention Center in Honolulu, Hawai‘i. The sponsorship opportunities offered are tailored to showcase your organization and enhance its visibility throughout the duration of the conference. Sponsors have ample opportunities to network with conference attendees during sessions, lunches, and the exhibitors’ reception. Highly visible formal recognition will be given to sponsors in all conference materials, including the final conference program and during individually sponsored events.

CONNECT WITH RESILIENCEProfessionals

Approximately 300 participants who work at the intersection of technology and hazard and climate resilience are expected to attend the 2018 conference. Participants come from a diverse range of backgrounds, including policy makers and decision makers, state and federal agency representatives, local planners, academics from a variety of disciplines, business and industry personnel, teachers, graduate students, engineers, nonprofit and conservation group staff members, and consultants. Facilitating connections and transcending geographic boundaries and disciplines is a highlight of the conference. Make your connections with colleagues and clients even stronger by attending as a conference sponsor.

DISCOVER THE VALUE OF PARTNERSHIPS

PRiMO 2018 will provide a forum for interdisciplinary collaboration and discussion of issues regarding community hazards and resilience in the Pacific. Opportunities such as professional development workshops, sessions, and plenaries are designed to highlight the benefit of working together, learning from each other, and ultimately charting a shared path forward to inspire innovative solutions to hazards and resilience problems facing our communities. As a sponsor, you can attend and participate in the journey.
