

**MAPPS NOAA Liaison Committee Meeting**  
**MAPPS Fall Policy Conference**  
**NOAA Coastal Services Center**  
**Kirk Waters – 843.740.1227**

**FY11 Contracting Summary**

**1. Coastal Geospatial Services Contract**

**Primes: Dewberry, Fugro EarthData, PhotoScience, Woolpert**

- **30** task orders awarded
- Value: **\$7.2M**

Tasks awarded in '11

- \*C-CAP in Washington, Great Lakes, Florida, Oregon, California
  - California Lidar and Imagery
  - Delaware Lidar and Imagery (Bombay Hook)
  - New York Lidar (Hudson River and Long Island)
  - \*Sea Level Rise Viewer DEM Conditioning
  - Georgia Lidar (11 counties)
  - Georgia Lidar QA
  - Rhode Island Digital Imagery (Narragansett Bay)
  - Hawaii Flood Tool, Hosting and Enhancement
  - Satellite Imagery, NWHI
  - \*GIS training
  - \*Geospatial Capacity Building, American Samoa, CNMI, Guam)
  - St. Ynez River, CA Lidar and Imagery
  - Stanislaus River, CA Bathymetry
  - GravD Airborne Services
  - Decision Support Tool Development for NMFS
  - Damage Assessment Remediation Restoration Tracking System Support for NMFS
  - \*California Elevation Data Merge Pilot Project
- (\* denotes CSC base funding used)

**2. Technical Support Services Contract**

- Fourth Year Value **\$13.1M**  
**Prime: The Baldwin Group (TBG)**

**FY12 Outsourcing Estimates**

**1. Coastal Geospatial Services IDIQ**

- 20-30 task orders

- i. C-CAP, TBD
- ii. Elevation, TBD
- iii. TBD
- Typical Estimated Value **\$5-7M**

2. Technical Support Services Contract

- Fifth Year Estimated Value **\$13.6M**

### **Contracting Notes**

- Task Order Management Information System (TOMIS)
  - USGS using for GPSC II
  - USDA NRCS
  - NOAA CO-OPS and NGS
- MOU's w/ states in place – American Samoa, CA, CT, DE, GA, NY, Save the Bay, WA, MA,
- MOU's in progress – Oconee County, GA, Borough of Juneau, AK

### **Coastal Services Center Geospatial Priorities for FY12**

1. Building the Digital Coast: Data, Tools, Training, and Digital Coast in Action
2. Integrated Ocean and Coastal Mapping
3. Great Lakes Restoration Initiative
4. California Coastal Mapping Program
5. National Ocean Policy
6. Coastal Change Analysis Program (C-CAP)
7. High resolution elevation (topo/bathy) data for coastal inundation/sea level rise viewer
8. National Enhanced Elevation Assessment results

Additional Note: Tony LaVoi is now the NOAA GIO
